# L&N petition seeks to reduce local service

By JAKE JACOB  
Echo Staff Writer

A Louisville and Nashville Railroad application to the Mississippi Public Service Commission seeking authority to serve the Bay St. Louis depot from its Gulfport agency office has aroused considerable furor among elected officials and the city's business community.

The railroad's application is scheduled for first call by the PSC at 10 a.m., Tuesday, Oct. 7, in the courtroom of the State Office Building, Jackson. John Dale, vice chairman of the commission, told Monday that he intends to ask for a continuance of the hearing to allow time for the assembling of witnesses and other data. A resolution protesting service curtailment, passed by the Hancock

County Board of Supervisors, has been forwarded to the commission, as has a letter from the Hancock County Chamber of Commerce. Bay St. Louis Mayor Warren Carver said Wednesday that the city would file protest prior to the hearing date and the Rotary Club of Bay St. Louis yesterday unanimously endorsed a resolution "strenuously objecting to the L&N's application."

Previously staffed at all principal points along its Hancock line, the L&N has steadily reduced agent strength as passenger service was phased out until only the Bay St. Louis agent remains active within the county. The Bay St. Louis agent handles freight matters, way bills, car movement, and demurrage assessments for Bay St. Louis, Waveland, Lakeshore, Clermont

Harbor, Ansley, and Port Bienville in Hancock County and also has responsibility for Pass Christian.

The L&N application suggests the work in the Bay St. Louis office is a "marginal operation" which "results in no more than a nominal profit annually and has shown periods of loss."

The L&N petition asks permission of the Commission to decrease the hours during which an agent is on duty at Bay St. Louis and to apply the remainder of the agent's work day to necessary clerical functions at Gulfport, but does not specify how many hours the Bay St. Louis operation would be curtailed.

L&N suggests that the dualized operation would involve only marginal inconvenience to Hancock County customers and stipulates that a toll-free telephone number would be available for continuous contact to the Gulfport agency in addition to the telephone and personal contact that would be available for a portion of the day at Bay St. Louis.

Local officials have, however, pointed to the increasing freight business that will soon be engendered by such new businesses as Alcan Cable as well as several Port Bienville operations as justification for the retention of a full time agent at Bay St. Louis.

Nervousness is also being generated among local rail users by the application's ambiguous wording which according to the Hancock Chamber of Commerce president "is imprecise as to specific manpower utilization and conceivably might condone the reduction of Bay St. Louis hours to zero."

Further, Gibson notes the L&N petition does not provide for the recognition of new business or traffic now planned or to be planned.

Chamber manager Max Berns said he intended to phone Dale on the date of the hearing to make sure the letter is entered into its official transcript.

### Four supervisors opposed

## Independent hopefuls qualify for general election

A host of independent candidates beat the Sept. 25 deadline qualifying to run as independents against a slate of democratic primary winners in the November 4 general election.

Beats in which candidates qualified to run for county supervisor seats include beats one, two, three and four. Only beat five supervisor James Travira, who won the democratic bid handily in the first primary, failed to draw any new opposition.

Supervisors Dolph Kellar and Oscar Peterson drew two independent candidates apiece in beats two and three respectively.

Waveland plumber Lee Farrell and Waveland real estate agent Bea Georgi qualified in beat two and will oppose Kellar.

In beat three, incumbent Oscar Peterson will be opposed by Samuel B. Jordan Jr. and Douglas J. Necaise.

Beat one supervisor Jerry Ladner, who won a close decision over Harlan Dean in the second democratic primary, must now face Bert Courge in the general election. Courge, 34, is a repairman for Tennessee Gas Pipeline in Ansley, Miss.

In Beat four, Sam Perniciaro, who ran a successful primary race for the board seat vacated by Bully Zengerling, will be opposed by Dave Turner in November.

In the sheriff's race, incumbent Sylvan Ladner, who overcame a challenge from state representative Buck Ladner to win his fifth bid for the post, will now face Chester J. Favre in the general election.

Democratic's choice Terrell Randolph will be opposed by Leetown teacher and coach Ezell Lee in the superintendent of education race. Randolph is a coach at Crystal Springs High School.

In the justice races, democrat Lloyd Anderson will face independent Norma Howell in beat three while three in-

dependents have thrown their hats into the justice race in beat five opposing Bay St. Louis attorney Bill Frisbie. Those qualifying in beat five are Walter James-Mitchell, Joe Necaise, and Joseph F. Richardson, Sr.

In the constable races, independents Kenny Ray Ladner and McCormick Wheeler will face primary winner Peter J. Noto for the beat one post.

In beat three Howard R. Ladner has qualified to run against Phillip W. Malley.

In beat four, Thomas Bergeron and Joseph B. Downey will face democratic primary winner A. C. Carver while beat five incumbent Willie C. Carbonette has drawn Warren L. Bourgeois as an opponent.

## Waveland car owners to feel bigger tax bite

Waveland voters may pay more for their car tags this year - although their vehicle may be 12 months older.

The cost hike is the result of a 28-mill personal property tax assessment levied by the Waveland city fathers and being collected on their behalf by the county tax assessor George Heitzmann.

The 28 mill tax will result in \$2.80 tax for every hundred dollars of assessed valuation of your car. However, Mississippi autos are not assessed at one hundred percent value but at 30 percent valuation, Heitzmann explained.

City Attorney Lucien Gex said this week that the tax had always been on the books but had not been collected for the past ten years.

"Probably the reason for non-collection of this tax was originally to ease the tax load on Waveland residents brought about by the city's consolidation with the Bay St. Louis school system," Gex said.

Faced with increasing financial burdens, aldermen this year reinstated the tax and set the 28 mill rate.

Waveland Mayor John Longo who operates a fleet of heavy trucks in connection with his business, Southern Frosted Foods, expressed his personal dislike of the tax.

"I am mildly disappointed in the personal property tax myself," Longo said.

The mayor added, "My understanding though is that it is a necessity for us to collect the tax. However, if at any time it can be removed, I will be in favor of such an action."

"I would certainly enjoy some relief from this tax myself," the mayor added.

A resolution authorizing the county tax collector to collect the tax for Waveland was passed January 22 by the Waveland aldermen.

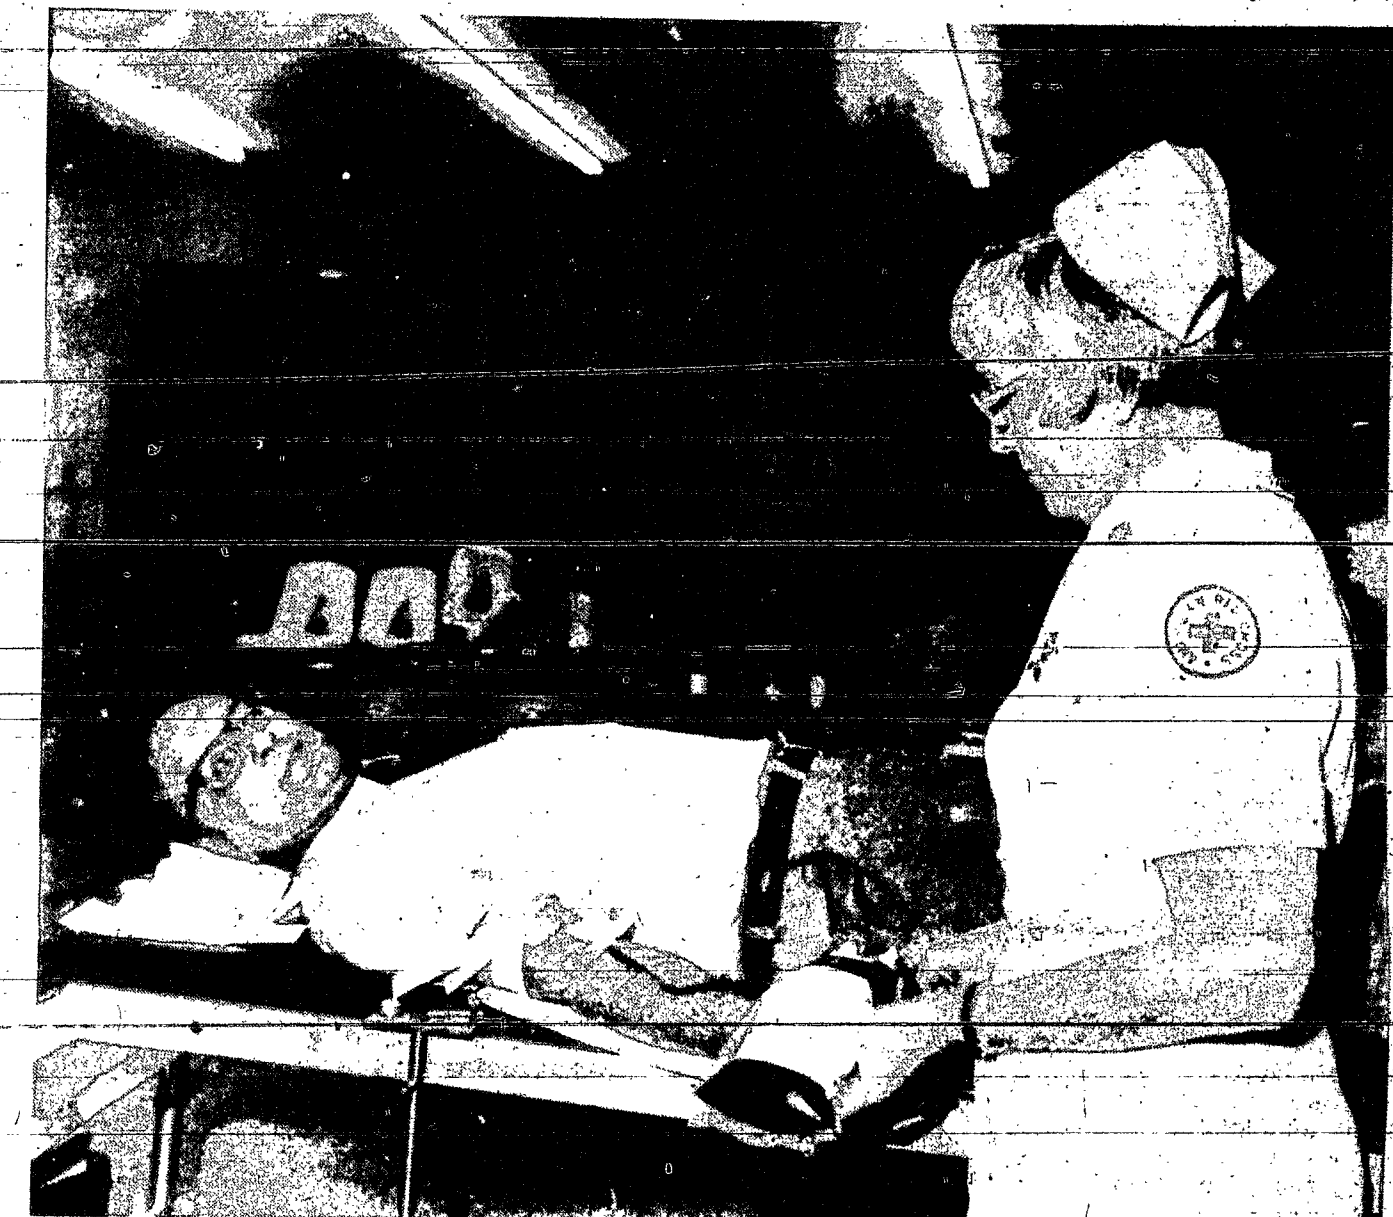

The increased levy now puts Waveland on top of the county "tag cost" list, with a 98.55 mill rate. In 1974 the rate, without the 28 mills, was 72.35 mills, the difference in direct subtraction is the result of a mill and a half decrease in the school assessment from 30.50 to 29.00.

Attorney Gex cautioned against viewing overall City of Waveland taxation with undue pessimism.

"Waveland real property taxes are much lower as the city utilizes a lower assessment rate than its surrounding municipalities. This factor results in a lesser tax burden overall," Gex said.

In cost breakdown, the new tax will add \$2.80 per hundred dollars of vehicle assessed valuation to the tag cost. State assessment is set at about 30 percent of new vehicle evaluation, falling to approximately 15 percent as the car ages. Minimum state assessment on any vehicle is \$100.

In comparison, other county area tag assessments are: City of Bay St. Louis - 93.80 mills; Bay Out (other than Waveland residents, persons living outside Bay St. Louis but utilizing the Bay municipal school system - 70.55; County, Beats 1 through 5 inclusive - 70.55; Old Beat 5 (as the result of a special bond repayment levy) - 71.55; County (utilizing Picayune school system) - 69.55.

### Donors needed

Victor Franckiewicz was one of many Hancock citizens who answered the call for blood donors at a county blood drawing last year. Hancock County blood chairman John Rutherford said this week the county needed 165 pints of blood during the

upcoming blood drive Oct. 8 in order to meet its yearly quotas. The procedure is quick, simple and painless and your blood goes to save lives every day. Give blood this Oct. 8 at the American Legion Hall on Blue Meadow Road.

## Blood donors needed for county quota

Hancock County Blood Bank is behind in its quota for 1975, according to John D. Rutherford, Jr., chairman.

With a drawing scheduled for 2 p.m. to 8 p.m., Wednesday, October 8, in the American Legion building on Blue Meadow Road, Rutherford said the bank needs about 165 pints to meet its obligations.

"Our quota is 450 pints a year," Rutherford said, adding, "at the last drawing we acquired 142 pints, a total which left us short of our need of 150 pints every four months."

The chairman said the bank would be open to donors between the ages of 18 and 60 and would have constant medical personnel in attendance at all times.

"Our local doctors have pledged their full cooperation for blood drawings and the Hancock General Hospital assists with trained staff to augment the volunteers," Rutherford said.

Persons wishing to donate their services as volunteers should contact Rutherford at the Hancock courthouse, or simply turn up at the drawing.

## Lott questions federal aid

Congressman Trent Lott (R-Miss.) hopes the White House will "hold the line" on the question of federal aid to financially-troubled New York City.

"The big cities, particularly New York," Lott said, "have been coming to Washington saying 'We're in trouble. Bail us out.' They seem to be forgetting that the federal government is \$600 billion in debt."

Lott said he liked a recent response by Treasury Secretary William Simon, who reportedly told representatives of the cities: "You can still tighten your belts. You can still cut back. You can still help yourself."

"I hope the administration will hold the line," Lott added. "The cities have a problem, but the federal government has an even bigger problem."

Lott's remarks were made during a weekly radio report to his constituents in Mississippi's Fifth Congressional

District. The program also featured reviews of the energy and busing issues.

"Congress continues to fight on busing amendments each year," he said. "And each year we pick up new allies, like the Senators from Delaware and Missouri, where they're beginning to feel the effects of busing."

"We're all trying to find some way to stop HEW from beating us over the head with busing."

Lott said he was disappointed with an energy bill which passed the House and was sent to a House-Senate conference for final changes.

"It's not what we needed," he said. "It's not even a compromise. I think it really could mandate a shortage of gas in less than two years, but I'm hopeful that when it reaches the conference, some of the bad features will be taken out."

### Chancery clerks elect Rutherford

Hancock County Chancery Clerk John D. Rutherford, Jr. was elected state president of the Mississippi Chancery Clerks' Association at their annual convention in Jackson last week.

Rutherford, who was returned to a second term of office by Hancock County voters in August, expressed pleasure over the association's action.

"This is the first time this honor has come to Hancock County," Rutherford said.

The state association, Rutherford

said, is responsible for the preparation of bills for consideration by the state legislature advancing the chancery and youth courts.

As Hancock County chancery clerk, Rutherford functions as county treasurer, auditor, recorder, and chancery and youth court clerk.

### Deadline Saturday for registration

Saturday will be the last day for Hancock County residents to register to vote in the November general election, according to Circuit Court Deputy Clerk Carolyn Ring.

Ms. Ring said the circuit clerk's office in the Hancock County Courthouse would be open during regular business hours today and tomorrow and half a day Saturday to enable voters to register.

### CD planners conclude conference

A three day conference on disaster effects planning will conclude today at Hancock County Civil Defense headquarters at Valena C. Jones Center in Bay St. Louis.

The conference which has drawn both county and city civil defense officials, volunteers and people from related agencies was coordinated by Gerald Boyd of the Mississippi Civil Defense Council of Jackson.

Boyd, who is involved in special education programs, was assisted by

Odle Kelley, a council emergency planning officer.

Ironically, the conference which was devoted to coordinating relief efforts in disaster situations, was aborted from its original date by a near real disaster. Hurricane Eloise forced the conference to depart from its scheduled Sept. 21 date.

Hancock County Civil Defense Director Charles Carter, Jr. apologized for the delay saying his planned conference had turned into a full scale exercise.

### Ezell Lee enters superintendent race

Ezell Lee, 42, of Leetown, Miss. announced this week that he will be an independent candidate for Hancock County superintendent of education in the November general election.

Lee is a graduate of Sellers High School, holds a bachelor's degree from the University of Southern Miss. and a master's degree from William Carey College.

He and his wife, Garlan, have four children.

## State tax assessors recognize Heitzmann

George E. Heitzmann, Hancock County Tax Assessor, was the recent recipient of two Special Service Awards from the Mississippi Assessor-Collector Association.

Presented recently at the group's annual convention in Jackson, one of the awards recognizes Heitzmann's 15 consecutive years on its executive committee and

eight years spent as chairman of the legislative committee. In the latter post, to which he was again named, Heitzmann reported he met on several occasions with the House and Senate in joint session on such

matters as equalization of tax assessment. The second presentation was a Past President's Award acknowledging his three years as vice president and one year as president.

## Garden walk honors love's labor

A garden walk Friday, Saturday, and Sunday at Chateau Sherman, home of Mrs. George C. Gundlach, will be held in tribute to McKinley Bradley for his 53 years of work on the residence at 1012 West Beach, Pass Christian. The walk, which is being presented by Mrs. Gundlach, will feature a unique, mounted driftwood collection entitled "God is my sculptor." Hours of the walk will be from 10 a.m. to 5 p.m. all three days.

The National pilgrim statue of Our Lady of Fatima will be exhibited Oct. 9 at 6:30 p.m. at St. Joseph Catholic Church, Pearllington, Mass. and Benediction will follow. The public is invited.

Bay-Waveland Garden Club Executive Board will meet at 2 p.m. Monday, Oct. 6, at the Garden Center.

Bay-Waveland Garden Club will meet Thursday, Oct. 9, at noon for a picnic at the home of Mrs. J.D. Brammeyer, Broad Street, Waveland. The business meeting will follow at 2 p.m. All members are asked to attend.

Clermont Handcrafters will meet at 1 p.m. Monday, Oct. 6, at the home of Mrs. William Richardson, Whispering Pines, Waveland. A crocheting basket workshop will be conducted and all interested members are reminded to bring necessary materials for the project.

Well-written accounts tell of the dumping of 342 chests of tax-bewaring tea in a 1773 edition of the Boston Newsletter - and nothing much since that time has gone unnoticed as newspapers continue to record the history of our times.

Chamber president, Perry Gibson, in his announcement letter, stressed the theme by inviting participants to present their viewpoint and experience. "I am looking forward to seeing you and to hearing your comments," Gibson wrote.

## Overseeding plays important role in winter pasture

Overseeding ryegrass on grazed down permanent sod pasture has a very important place in the winter pasture program if properly managed, according to Bill McKie, Area Agronomy Specialist.

Select fields that are to be overseeded and concentrate cattle to closely graze these areas. If after grazing, surplus grass is still present, clip before overseeding. If ryegrass is planted into a sod taller than three inches, results will usually be poor.

Ryegrass can be seeded with no soil disturbance but germination will be slow. One of the best overseeding methods is to run a spring-tine renovator on contour, deep enough to shatter the hard soil compaction layer. If a regular chisel plow or a subsoiler is used, it will probably require a good disking to level the field. This deep breaking will loosen the compacted soil layers or pan and will allow water, organic litter and surface applied lime and fertilizer to move into the root area. Moisture storage capacity of the soil is increased without completely destroying the established sod. Seed 30-40 lbs. ryegrass, harrow to smooth the field and cover seed; then culpack for quick germination.

This renovation will improve the permanent pasture next summer by increasing rot penetration for better utilization of stored moisture and nutrients. Another planting method is to use a disk or spring-tine harrow and run on contour to lightly work the sod area but this does not open up the sod or break the compacted soil.

Ryegrass overseeded in mid-October should give grazing by early January.

On pastures where a legume is needed, clover can easily be added when overseeding. When clover is added, seed ryegrass at 25 pounds per acre to reduce competition to the clover. White (La. S-1, Merit or Regal), Arrowleaf (Meechee or Yuchi), Crimson (Autanga, Chief, Dixie or Tibbee) and Ball clovers are adapted to Central and South

Mississippi. Inoculate all clover with the specific inoculant for the variety planted. Clover adds quality to your permanent pasture as well as nitrogen for the permanent grass.

Overseeding program works easily well for brood

cows that are calving in the fall and winter. Overseed no more than one-half of permanent pastures and alternate the area seeded each year.

### BRUCellosis VACCINATION

Every cattle owner in the

state is strongly urged to vaccinate his replacement heifer calves against Brucellosis, also known as "Bang's disease."

The state veterinarian says that 100 percent of the replacement heifers will have to be vaccinated for the next

five or more years if the disease is to be eradicated in Mississippi.

Brucellosis is costly in aborted calves, non-breeder cows and the loss of brood cows that are reactors and have to be sold for slaughter. Calves should be vaccinated

as soon as possible after they reach three months of age. The vaccination is done at no cost to the owner. For help in scheduling your calves for vaccination come by or call the county agent's office, your local veterinarian or the state veterinarian.

### SPORT TALK Q & A

By Charlie Henderson

QUESTION: Was President Ford really an All-American center at Michigan?

ANSWER: No. During his first two seasons, football player Gerald Ford was second string to a great All-American center, Chuck Bernard. The President did become first string in his senior year, however, on a weak Michigan team that won only one game. And he was good enough to be selected for the East-West game that year, playing 37 minutes. (going both ways, offense and defense).

QUESTION: Is it true that a great softball pitcher throws the ball faster than an overhand baseball pitcher, even a Koufax or Nolan Ryan?

ANSWER: At the time the ball reaches the batter, the best softball's pitch is faster than the hardball's throw. The great Eddie Feigner of softball fame was clocked at 104 miles per hour. That's faster than any major league fastball, including Ryan's. The reason, of course, is that the distance from mound to plate in softball is only 46 feet, whereas it's 60½ feet on the standard major league diamond. No one knows how fast Ryan's smoker would be traveling if he threw it only 46 feet, and I doubt any hitters would stand in there to find out for sure.

We'll "stand in there" if you challenge us to make a better bet on a new FORD.

We're going all out with higher trades on a great new car selection.

## Candlelight ceremony unites Zimmerman-Howe

Saint Clare's Catholic Church was the setting for the Sept. 19 candlelight ceremony uniting Miss Mary Alice Zimmerman, daughter of Mr. and Mrs. William Zimmerman of Waveland, and Conrad Jay Howe, son of Mr. and Mrs. O.J. Howe, also of Waveland.

Right Reverend John Scanlon officiated before the main altar which was decorated with standing baskets of white gladiolas, gypsophylla and greenery. Special liturgical readings selected by the bride and groom were given by the Reverend Terry Crimm and Brother Joseph Donovan, S.C. Wedding music was provided by Miss Mildred Means at the organ.

The bride, given in marriage by her father, was attired in a formal gown of peau de soie overlaid with embroidered silk organza and accented with full sheer bishop sleeves. Seed pearls and iridescent embellished the rounded neckline, empire

bodice and cathedral length train. Her elbow-length veil of imported illusion fell from a crystallized lace caplet which was elevated at the crown. Her only jewelry was a pearl necklace belonging to her mother. She carried a cascade bouquet of stephanotis and gypsophylla, centered with a cymbidium orchid.

Miss Susan Shubert attended the bride as maid of honor. Mrs. Edmond Schindler, sister of the bride, and Miss Tracey Howe, sister of the groom, were bridesmaids. The maids were identically attired in full length peach gowns accented with long sleeves and trimmed with matching lace at wrists and scooped necklines. They wore coordinated cloche-type headpieces and carried long-stemmed peach gladiollas.

The father of the groom served as best man. Groomsmen were Wayne Clark and Claude Switzer. Alfred Holt was an usher. Miss Rhonda Bilbo served as flower girl,

and Greg Ladner was the ring-bearer.

For her daughter's wedding, Mrs. Zimmerman chose a beige lace, floor-length dress. Mrs. Howe wore a formal pink chiffon dress. Orchid corsages completed their ensembles.

A reception followed at the Waveland Avenue home of the bride's grandmother, Mrs. Fred Bourgeois. White flowers and greenery decorated the reception rooms.

A four-tiered wedding cake adorned with sugar spun roses and topped with wedding bells and doves was cut and served by Mrs. Richard J. Sallinger. The bride's table was overlaid with a white lace cloth and flanked with crystal candelabra. Assisting in serving were Mrs. James Lagasse, Mrs. Clifford Vogt, Mrs. Herbert Knight and Mrs. James McCarthy.

For traveling, the bride chose a blue and white knit ensemble with white accessories and an orchid corsage. The couple will reside in Bay St. Louis.

## Our Shopping Center celebrates first anniversary

Our Shopping Center celebrates its first anniversary this weekend with grand opening ceremonies continuing for Merchant's Bank & Trust, a cake cutting at Annie's Pantry, prizes for some lucky persons and bargains for all.

The shopping center which has bloomed from an embryonic idea of developer D. E. Wilcox into a full fledged marketing giant filled a need for local residents who wanted to exercise their buying power in Hancock County but before had only had limited opportunity.

Boasting space for 21 businesses, the center sprawls over 92,000 square feet of enclosed shopping area and offers another 300,000 square feet for parking.

For those who scoffed that it couldn't be done — that the little guys would never survive — Wilcox has only to sit back and smile. Not one single business that contracted for space in the new center has gone out of business.

Instead many are expanding!

Peggy's is in its third expansion since its grand opening — the latest taking in space previously occupied by Merchant's Bank & Trust who built a new drive in facility on the northwest corner of the center's parking lot.

Peggy's is not the only store which is going great guns. Otasco is the leading store in this territory. Wilcox points out, doing more business than

its two stores in Harrison County combined.

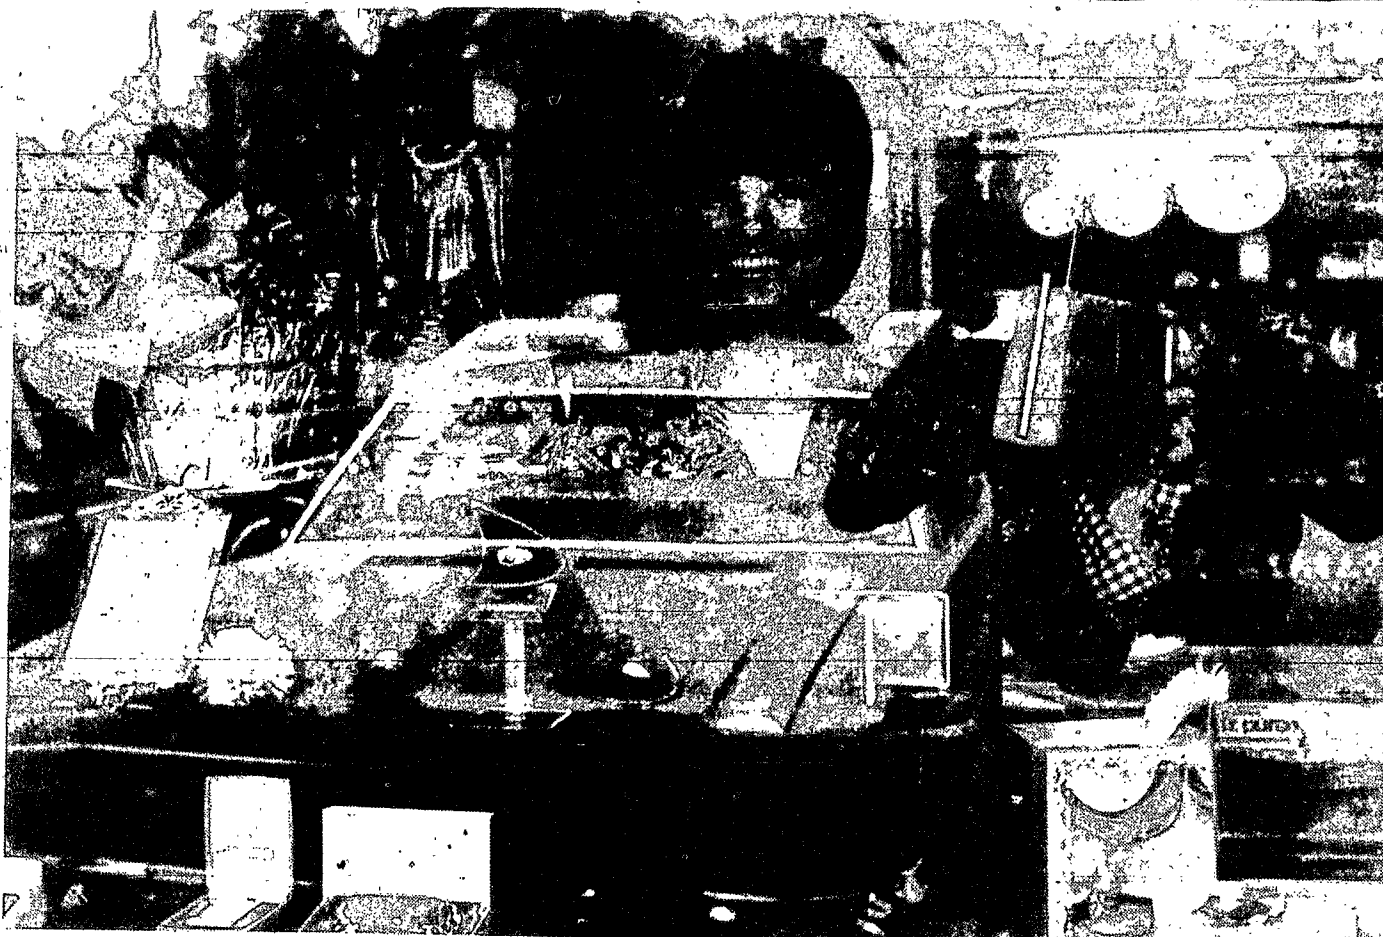

TG&Y, Shoe Town, Shainberg's are all finding business greater than anyone expected — anyone that is except D. E. Wilcox and the other half of the center's brainpower Jody Gex.

"Yes, management has been very happy," Wilcox says matter of factly, "and so have the banks. Everyone has been able to meet their obligations without being in a bind."

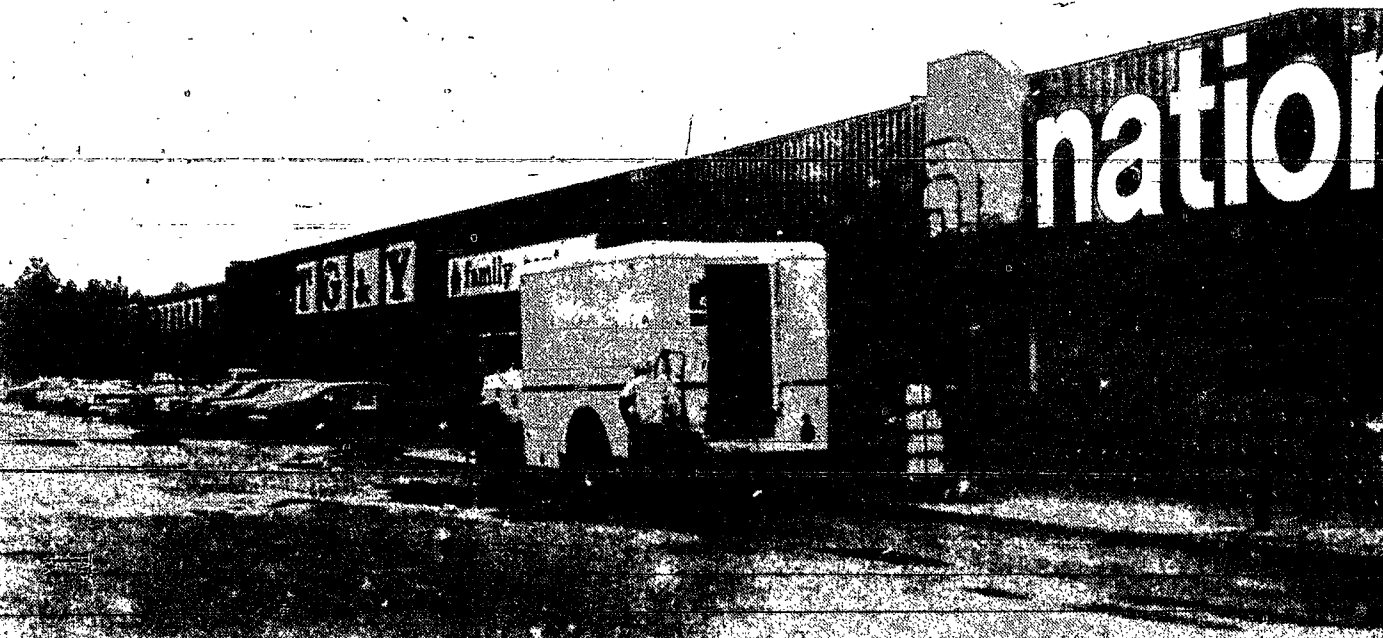

Plans for the center haven't slowed down any either apparently. Before the ink has hardly had time to dry on the first venture, Wilcox is talking about adding a cinema and new stores to fill the requests for space that keep coming in.

"We feel like Little Ray's and Trapanis are part of us too," Wilcox says. "They have added to our drawing power out here. I guess you could call us one big happy family."

For those who haven't been there yet we suggest, "Try it, you'll like it." These stores below are there to serve you: Otasco, TG&Y, National, Shoe Town, Shainberg's, Quality Drugs, Peggy's, Cathy's Jewelry, People's Federal and Loan, Pauline's, Davis Singer Sewing Center, Annie's Pantry, Neacise Package Store, McCutcheon Real Estate, Waveland Dixie Bakery, Happy Days Ice Cream, Male-Box Men's Wear, Merchant's Bank & Trust.

## Taconi named Bay postmaster

A veteran of 30 years with the postal service, Frank F. Taconi of Bay St. Louis, was appointed postmaster of his hometown office effective Aug. 30.

The new postmaster served 12 years as a letter carrier, 14 years as a postal clerk, and four years as a supervisor, all of Bay St. Louis. He joined the postal service in 1945 following his discharge from World War II service with the U. S. Infantry.

Taconi is married to the former Delphine S. Saucier, daughter of the late Mr. and Mrs. Alcine Saucier. The couple have two daughters, Mrs. Judith A. Bourgeois of Bay St. Louis, and Mrs. Jerleen Stieffel of Harahan, Louisiana; and nine grandchildren.

A merchant seaman and

carpenter prior to his 1941 army enlistment, Taconi, son of the late Mr. and Mrs. August C. Taconi, was a class of '37 Bay High graduate and a member of the Tiger football squad under coach Johnny "Baby Grand" Scafile.

Taconi is a member of Our Lady of the Gulf Church, Post 3252 of Veterans of Foreign Wars, and a life member of Post 139 of the American Legion.

In accepting the appointment Taconi replaced retiring postmaster James R. Shadoin of Bay St. Louis.

Shadoin, City Chairman of United Way, 1975, joined the postoffice in July, 1936. Originally in Birmingham, Ala., he transferred to New Orleans in 1940 before being appointed assistant postmaster, Bay St. Louis in 1967 and postmaster in 1972.

## KANTCHA KETCHUM

By L.S. (Doc) Elliott

There was beautiful weather over the past weekend. Just cold enough to be comfortable and just warm enough to be pleasant. This went for good fishing both fresh and salt water. Bass were caught most any where the water was good.

Saw some folks who were catching salt water fish, red fish, flounders, croakers, etc. in Middle River at the mouth of Koffman Bayou. They also had some speckles.

Bass fishing has been excellent. They are hitting mostly on popping bugs on the fly rod. A few are being caught on plugs.

As a record Ray Garner and Yours Truly caught the limit in two hours Saturday in a little bayou we fished for the first time. The name of the bayou is Don't Know. It is really a haven for green trout. Won't tell you where it is but might take you one day. Repeated our catch again Sunday.

Speaking about green trout don't get the idea one has to use underwater baits when the weather gets a little colder. They will take popping bugs even in December and January on a bright sunny day. Try it and find out.

Jack Patterson and son Walter made a nice catch of bass Saturday. Jack is a fly fisherman but caught them casting. He is from Long Beach but fishes regularly at Pearl River. He is manager of Paine Refrigeration Supply Co. of Biloxi. He bets on Pearl River for fishing. Walter is pretty good himself.

Pearl River Marina has a new addition. He is David Fricke, a 13-year-old youth who is a real worker and fisherman. David goes to school and works on his off time. Ray Baxter says he is a great helper around the fishing camp. David lives at Pearlington.

Right now Pearl River and its tributaries are furnishing some mighty good fresh and salt water fishing. Pearl River Marina furnishes all a fisherman wants. A hoist for all size boats, gasoline, ice, etc. Try fishing in Pearl River. The streams there abound in bass and perch plus all kinds of salt water fish. Whether you use live or artificial baits you can catch fish.

Went to Salt Bayou Thursday and returned with Zero fish. The reason being Eloise bringing in fresh water from Lake Pontchartrain. The tide was falling and the water was too clear. It is still a good place to catch bass and perch.

At a special meeting held in Baton Rouge, the Louisiana Wildlife and Fisheries Commission authorized J. Burton Angelle, director, to set the 1975 alligator hunting season in Cameron, Calcasieu, and Vermilion parishes at the earliest possible date under federal regulations.

In a telegram received Tuesday from Lynn Greenwalt, director of the U.S. Fish and Wildlife Service, the commission was promised that it could be "September 25 plus or minus a few days."

It is with great regret that I acknowledge the death of Harold Bragg, aged 49. Harold was a fisherman par excellence. Sympathy is extended to his family.

Was a pleasure meeting Gordon Herring and his wife of Gulfport. They are both ardent fishermen and do all kinds of fishing. Both do fly fishing and casting. The madam says she loves the old perch pole, worms or minnows.

Luke Elliott and C. C. Commeaux were down Saturday with two of their fishing buddies for a day of fresh water fishing. All

returned to Baton Rouge with a nice catch of fresh water fish. They are a hard bunch to beat when it comes to getting their share of the finny tribe.

The water hyacinths are about taking over most of our rivers and bayous. Black Bayou at its mouth at Middle River was completely closed by them. The falling tides are moving them out and maybe by the time winter comes our streams will be clear of them again. They are a detriment to fresh water fishermen.

Have noted numerous geese and ducks the past couple of fishing trips. Looks good for our hunters when the seasons open. Our local fishermen lay off from fishing when the hunting seasons open.

Speaking of hunting it is a pity we can't kill squirrel in the city limits. There are more squirrel in the city than out in the country. Pecan growers are complaining about the squirrel eating even green pecans. Squirrel are considered pests but they are also destructive. They make a wonderful eating dish, also.

Joe Taconi sent me a couple of jokes. He said he likes to read Kantcha Ketchum each week. Thanks, Joe. He said I went to the store and bought a pound cake and when I got home it weighed only 12 ounces. When the baby fly cried, the papa fly had to walk the ceiling all night. Joe does fishing a little but specializes in catching hard crabs.

Saw August Rauxet pulling in bass Sunday. He has his boat ready to go duck and geese hunting as soon as the seasons open. August knows the marsh like nobody's business. A hunter and fisherman of the Old School.

Hope this good weather continues. It's wonderful for both hunting and fishing.

The old foursome John Ristoph, Cliff Commeaux, Jr. Goynes and Luke Elliott made a hunting trip recently to San Saba, Texas. They came back with 100 doves, 50 rabbits and 40 squirrels after 3 days of hunting. Last week they went to Pecan Island on a teal duck hunt. Haven't heard how they made out yet. But you can bet they got their share of teals. They are hunters first class.

SPORTSMAN OF THE WEEK—Doug Scarborough loves to fish but says it's hard to get off from work to go. Doug is a likeable guy with lots of friends. Remember: all work and no play makes Jack a dull boy.

Ginn and Alliston ponder strategy

## Gulfview team beats Bay

Gulfview defeated Bay Jr. High 14-6 last week in a meeting of the two schools' seventh grade teams.

Both teams went scoreless through the first half but Gulfview changed things quickly when Chuck Cospelich returned the second half kickoff 72 yards behind blocks by Bobby Asher and Bo Smith to give the Bulldogs a 6-0 lead. The Tigers of Bay Jr. High came right back at the

Bulldogs. Running to the outside, the Tigers found paydirt on a right end run by Tyrone Williams to tie the score.

With a minute and a half left in the game, Cospelich took a handoff from Asher on a reverse for Gulfview's second score. LaFontaine collected the two point conversion on a quarterback sneak for the final 14-6 score.

## Tigers would like to make winning a habit

BY DAN BARBER  
Coach Woody Alliston's Tigers will try to improve on their 1-1 Gulf Coast Conference record Friday night as they invade the Poplarville Hornets home turf for what could be a crucial game for

both teams. Alliston promised early this week to have his Tigers ready for what portends to be a case of who has the stronger will between the two teams.

Poplarville, which is currently boasting a perfect 3-0 record after wins over Lumberton, Picayune and Pearl River Central, does not have a high scoring offense, but the Hornets move the ball well according to Alliston.

"They are a strong offensive team," Alliston says, "despite the fact they haven't scored a lot."

The Tiger mentor said he foresaw no change in the Tiger's game plan for the Hornets.

"They run the wishbone offense, of course, but we plan to do basically the same things

we have been doing. They're strong on defense so we are going to try to mix it up a little. I feel like we will have to go to the air more."

"I feel like we can score. Against Hancock I'm just glad we won. In some things we did well and in other areas we broke down."

The Tigers will dress out 34

players, according to Alliston. Only senior fullback Mark Thomas is a doubtful starter. Thomas is nursing an ankle injury and may see limited game action Friday, Alliston said.

The Tigers after two opening losses to Stope and Pass Christian are currently on a two game win streak

after overcoming Harrison Central and Hancock and would like nothing better than to burst the Poplarville bubble.

Remaining on the Tiger slate after Friday night are Long Beach Oct. 10 followed by Pearl River Central, Stanislaus, Lucedale and Ocean Springs.

## Coast takes 30-6 hazing

By NORMAN BOWERS

Two blocked punts deep in their own territory proved to be fatal for the Coast Episcopal Raiders in their 30-6 loss to St. Pauls of Mobile.

By capitalizing on the blocked punts the Saints scored 13 points in the final quarter to put the game out of reach.

Coast Episcopal played competitive ball throughout the game even though their roster consisted of only 13 players as opposed to the 42 man roster for St. Pauls.

St. Pauls started the scoring on a five yard plunge by running back Lewis Phillips. Gregg Byrd added the extra point for the Saints.

Coast showed some strong defensive play against the Saints and held them scoreless until the final minutes of the half when Byrd boomed a 29 yard field goal to give the Saints a 10-0 half time lead.

In the third quarter both teams battled tough defenses with St. Pauls pulling out another touchdown. This time Buzzy Riis did the honors for St. Pauls on a 27 yard end around.

After containing the St. Paul offense in the early fourth quarter the Raiders drove down field with the aid of running backs Dee Coffey and Steve Tate. After losing the ball inside of the ten the Raider defense forced a Saints turnover. Quarterback Kelly McDonald took the ball in from three yards out to give Coast their only score, making it a 17-6 ball game.

Later in the fourth quarter St. Pauls iced the game by blocking two Coast punts which set up their final 13 points. Scoring the points for the Raiders were Jack Godwin on a 4 yard plunge and Riis on a one yard dive. Byrd hit one of the point after attempts. Coast will play Lutheran High School of New Orleans Saturday.

## Regatta dates told

HOSPITALITY REGATTA - Jackson Yacht Club will host the Annual Hospitality Regatta on October 25 and 26. Any member wishing to sail a BWYC Scot in the Wadewitz or the Hospitality Regatta should contact Harry Chapman at 504-834-9557.

## Hawks favored over OLV Saturday

Hancock North Central, which suffered a narrow loss to Bay High School last Friday, will seek to get back "into the win column" this week according to coach Irvin Favre as the Hawks invade Our Lady of Victories Saturday in Pascagoula.

"We're definitely going over there with a win in mind," Favre said Tuesday.

Favre, who saw a third quarter lead disappear into a fourth quarter loss, was philosophical about the turn of events last Friday.

"That was by far the best

game we've played against Bay in a long time," Favre said almost wistfully.

"I certainly wasn't disappointed with our offense. They haven't failed to move the ball, but our defense has been weak occasionally."

The Hawks accumulated 258 net yards against the Bay's 297, and Favre points out that the Hawk offense has picked up at least 200 yards in all of its games.

"We got tired last week in the fourth period against the Bay. Most of our boys have to play both ways, you know, but I'm not taking anything away

from that Bay team."

Favre is certainly not underestimating this Saturday night's opponent either. "OLV is a much better team than their record indicates," Favre suggests.

Favre said the Hawks would make a few adjustments to compensate for OLV's wishbone offense.

Favre feels the biggest threat in the OLV offense is fullback Ted Dearman and senior linebacker Hans Van Oenkel.

"They're hot that big in their backfield, but they have good speed," Favre cautions.

The line, though, appears to be heavy.

Personnel wise both teams appear to be evenly matched in Favre's mind. "Both of us will dress out about 25 players," the coach says.

On injuries, the Hawks lost defensive end and specialty team player Ed Malley, who suffered a knee injury in the Bay game requiring surgery this week. The Hawks will also be without the services of Albert Necaise who suffered an early season ankle injury.

Kickoff for the Saturday night game in Pascagoula will be 7:30 p.m.

## Against Poplarville

# Can Tigers do it one more time?

The Echo forecasters bounced back last week after a dismal 50-50 week Sept. 19. Forecaster D. Barber improved his average by several points last week after correctly picking six of seven games on the Echo grid week. Forecaster J. Loiacano fared somewhat worse, but was still respectable with four of seven correct.

The Echo this week adds a new dimension to its hated predictions with the inclusion of a new mystery man. It's no coincidence that the mystery man this week went with all of

the underdogs. We like to have a balanced forecast.

This is the way this week's games look to us:

## Pearl River Dumps Jones 26-6

POPLARVILLE —Pearl River Junior College won their second consecutive game of the season here Saturday night, beating Jones 26-6 behind the running of fullback Rusty Cavataio and the passing of quarterback Tony Walker.

Walker passed for 149 yards including a 65 yard TD to Frank Woods. Walker amassed a total offense of 196 yards.

Cavataio rushed for over 100 yards in his second straight game and brought his game average to 121 yards. The stocky running back gained 123 yards for the night and 58 of these yards came on the game's first touchdown early in the first period.

The Wildcat defense had to overcome a strong Jones passing attack to save the win. Jones threw for 278 yards, but could manage only 73 on the ground.

The Jones quarterbacking chores were shared by Tony Bowen and Dennis Gibson. The duo combined for 255 passing yards on 19 completions on 28 attempts. Their top receiver was Skip Golding, who grabbed five passes for 73 yards.

The PR defense stifled the Jones offense in the first half and allowed their visitors less than 80 yards over the first two periods.

The Wildcats followed Cavataio's score with another tally in the opening period. Walker got this TD on an option play around right end. Gary Miller added the PAT although he missed his first

try, and the Cats took a 13-0 lead to the dressing room at half.

Jones made a game out of it again with a touchdown on their first possession after intermission.

The score came on a 14 yard run by tailback Bruce Smith. The run capped off a 52 yard drive on six plays. The march was aided by a late hit call on PRC on a fourth down play at the 35.

Smith broke through a big hole at right tackle on the next play for the TD. The extra point kick failed, and the Bobcats trailed 13-6.

Pearl River took the ball at their own 20 following the kickoff and marched 72 yards to the Jones eight where a 24 yard field goal attempt by Gary Miller was wide.

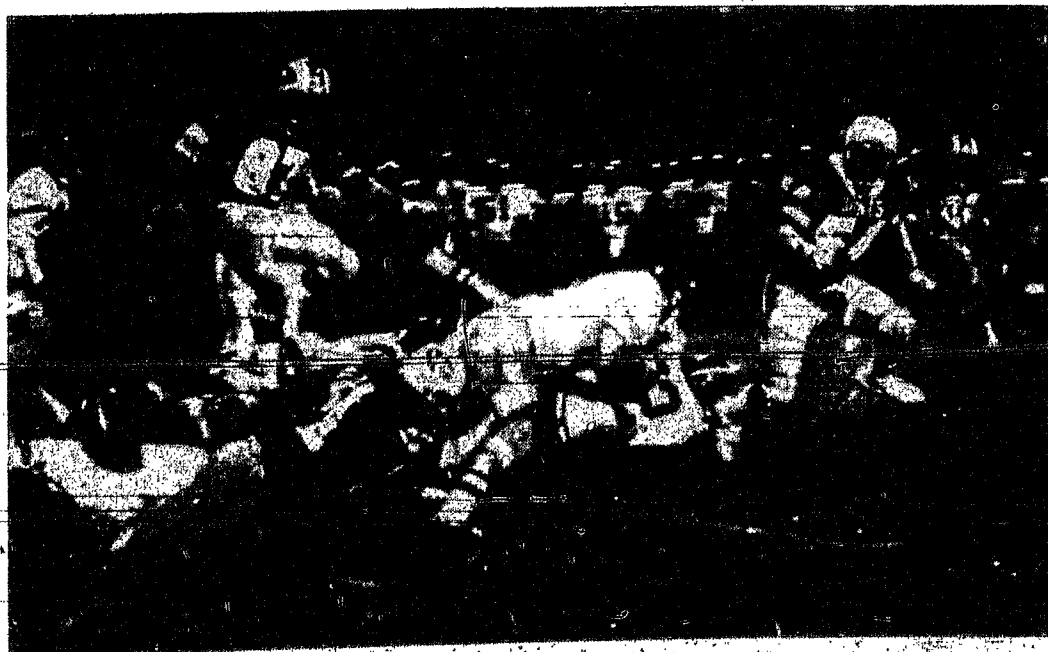

The non-productive march took 14 plays, all but one on the ground, and took a big bite out of the third period clock.

Jones could get nowhere after the missed attempt and gave the ball over the Wildcats at the Pearl River 22 following a 54 yard punt by Carl Grant.

On the third play of the final quarter, Frank Woods scored again from the one for PRC capping a 78 yard drive.

PRC got their final tally on Walker's 65 yard pass to Woods on their next series. The play ended another 80 yard drive that needed only five plays.

Jones threatened once more late, but that drive ended with PR's Ernie Shows intercepting Gibson's pass in the end zone with 24 seconds to play.

Jones found running room here but couldn't escape loss to Pearl

## Hobolochitto association elects directors, missionaries

The One Hundred Nineteenth (119th) annual session of the Hobolochitto Baptist Association met with the Bienville Baptist Church east of Poyune Saturday, Sept. 27.

One new church petitioned the historic association for fellowship, making a total of 30 churches cooperating in the local body of churches, most of which are in Pearl River

and Hancock Counties. The Rev. L.S. Walker of Shaw, treasurer, and Rev. Poyune, twice president of the Baptist Association of America, and twice president of the Baptist Association of Mississippi, were elected moderators. Rev. Harry Burge was chosen assistant moderator.

Other officers included Rev. L.D. Whitfield, recording secretary; Winfred Baker, and Kenneth Flynn, both of

Poyune, were elected co-directors of the Baptist Missions Hour radio broadcast of the association.

The churches of the Hobolochitto Association also cooperate in the missions, education and benevolent work of the Baptist Association of Mississippi and the Baptist Association of America.

## Rebels to tackle rolling Tide Saturday

The Ole Miss Rebels struck for 24 first half points against the University of Southern Mississippi Saturday and then sat back and emerged with a 24-8 triumph over the Golden Eagles at Hattiesburg.

It had to be a satisfying victory for head coach Ken Cooper and his staff, coming as it did after three opening losses to Baylor and Texas A&M of the Southwest Conference and independent Tulane.

With Alabama looming on the Rebel schedule Saturday in an SEC clash in Birmingham, it was a do or die situation for Cooper and his Rebels. Only a win could avert what would have been the worst opening record of any Ole Miss team in Rebel history.

The Tide figures to be the toughest team the Rebs will face this season. Following a 20-7 upset to Missouri, the Tide has come back for 98 points in its last two outings against Vanderbilt and luckless Clemson.

Saturday's game will be the first where the Rebs will be limited to 48 players, after three lengthy trips into Texas and New Orleans.

Rebel fans will doubtless recall too the year 1974 when the Tide came from behind to take a 35-21 battle in Jackson. Manpower, the Rebs still

argue, had a lot to do with that Tide victory.

Even so, the Rebs should be better equipped defensively for the 1:30 p.m. meeting in Birmingham.

A year ago, sophomore tackle Pete Robertson, who had earned starter status as a 1973 freshman, was able to perform for perhaps six plays. He bowed out for the season, nursing a nerve injury in his neck.

Now, with Ben Williams moved from right tackle to middle guard, Robertson, at left tackle, Lawrence Johnson, a vastly improved sophomore tackle starting in Ben's berth, and rangy Bill Farris and Gary Turner manning the flanks, Ole Miss is much more effective across the front.

Linebackers George Stuart and Ken Coleman are holdover starters, and the secondary apparently is a

more effective barrier than was the 1974 crew.

Offensively, the Rebs showed improvement against USM netting 250 yards by land and 123 by air for 373 total offense yards.

The Rebs lost out in a second-game bout against massive Texas A&M's version of the wishbone attack, but the Aggies had to work for a 7-0 decision. Saturday's skirmish will mark their second trial against the wishbone, and it's worth noting that Bama has chalked a pair-of decisions

since going to the wishbone in 1971.

*She's A Rebel bests 330***South Dallas recaptures meet record**

Special to the Echo  
PEARL RIVER, La. — During the biggest program of racing during the 1975 meet at Oak Downs, two meet records were broken on a fast track Sunday.

There were a number of exciting close races and one match ended in a dead heat. In all, there were 21 races during the afternoon.

Two Hancock County horses and a pony were victorious. Delbert Cuevas' Jeffery's Girl captured the 300-yard third race over Little Cabbage, another Hancock County campaigner; Bubby Patton's Marine O'Van took the three-furlong 16th by posting the best time of the day at that distance; and Bill Corr's Trigger won a special pony race in the 11th after losing a previous match in the second.

Walter Brazell's South Dallas wrestled the 220-yard meet record away from Cookie's Red Boy with a 12.41 (Top A) performance in the 15th race. Cookie's Red Boy previously held the 220-yard mark at 12.60 and had taken the record away from South Dallas on July 27.

In the 17th race, Thomas Malone's She's A Rebel broke the meet record for 330 yards with a 17.39 (Double A) clocking. The old mark was 17.735 set Feb. 9 by Cotton's Gambler.

Seay sparkles as Gulfview emerges 28-12

Quarterback Russell Seay was all the offense and the defense the Gulfview Bulldogs needed Monday as the Bulldogs upended Pearl River Central 28-12.

Seay directed the Bulldogs first scoring drive from kickoff covering 55 yards, threw for two more Bulldog touchdowns, ran back a Pearl River interception for another score, and collected another two points for Gulfview on a two point conversion play.

On the Bulldogs first score, Willie Santiago took the handoff from Seay for six points. Larry Peterson ran the ball in for another two points.

Later in the first period, Seay intercepted a Pearl River pass at the Bluedevil 45 yard line, returning it all the way for Gulfview. Seay then scored the two point conversion.

In the second quarter Seay hit receiver Willie Santiago for another td. After the point after attempt was blocked the half ended with the Bulldogs leading 22-0.

In the third period Seay hit receiver Chuck Cospelich for the last Gulfview score.

Pearl River back Steve Sable took a pass from QB Jack Hutchinson for Pearl River's first score. The PAT failed.

Then in the fourth period Sable intercepted a pass from Bulldog QB Greg LaFontaine to set up the Bluedevils second score. Quarterback Mike Lowery hit Sable for the td.
